

Dacia Sandero Stepway

The supermini with **SUV style**

Easy **on the eye**

– easy on the wallet

A little more about our **MY18 range**

Dacia fully supports the introduction of the new emissions testing procedure, called 'Worldwide Harmonised Light Vehicle Test Procedure' (WLTP). WLTP represents a positive change to provide consumers with fuel economy and emissions data which is more representative of the results you may achieve in real life.

Stand out from the crowd

If you're tired of the same old family cars, then the Sandero Stepway is a breath of fresh air. Whether you're on the school run or the open road, it's not short on style either.

For starters there's the raised ride height. It really puts you in the driving seat with a clearer view of whatever's ahead. Then there are the **16" wheels**, skid plates, and black wheelarch extensions and side sill. Everything you need for some rugged SUV style.

Look the business with satin chrome roof bars, stunning metallic colours, a restyled front grill and LED day-time running lights.

Throw in a choice of impressively reliable engines, ABS, **Emergency Brake Assist (EBA)** and **Electronic Stability Control (ESC)**. It's quite the performer.

Good looking inside and out

Looks will only get you so far. So we made sure the Sandero Stepway's interior punches above its price bracket too. After all, you spend most of your time driving the car, not gazing at it lovingly (although we won't judge if you do.)

Satin chrome air vent, central console and door handle surrounds? Fancy upholstery and **DAB radio** as standard? Air conditioning to make sure you keep your cool? They're all there and ready to roll.

Five proper seats mean there's plenty of room for the whole family too. And they'll all help you stay extra safe, thanks to the reinforced body structure, **front and side airbags**, and **height-adjustable headrests**.

The engine room

Reliable performance under the bonnet

Just because your car's affordable, doesn't mean you have to compromise on engine quality. All our engines are rigorously tested, over 800,000 kilometres of test driving in fact. So you can relax every time you turn the key.

Pick the engine for your lifestyle:

The **SCe75** petrol engine is a great all-rounder.

- 3 cylinder, offers 75hp and 43.5 - 45.6 mpg combined with CO₂ emissions of 120 - 125 g/km

The turbocharging **TCe** engine offers more performance.

- Produces 90hp from its 3-cylinder, 898cc engine, yet still achieves 42.2 - 45.6 mpg combined and CO₂ emissions of 127 - 130 g/km*

The **Blue dCi** engine offers amazing mileage.

- Producing 95hp with an impressive, 58.8 - 62.7 mpg with CO₂ emissions of just 98 - 103 g/km*

* WLTP figures shown are for comparability purposes; only compare figures with vehicles tested to the same technical procedures. Actual real world driving results may vary depending on factors such as weather conditions, driving styles, vehicle load or any accessories fitted after registration. WLTP is a new test used for fuel consumption and CO₂ figures however until April 2020 the CO₂ figures are based on the outgoing (NEDC) test cycle which will be used to calculate vehicle tax on first registration. Please visit dacia.co.uk/configure for WLTP figures for any selected options.

† Vehicle Excise Duty: first 12 months.

^ Genuine leather on central section; synthetic leather on side bolsters and rear.

Blue dCi Engines

Sandero Stepway benefits from the latest Blue dCi engines which are equipped with a system to reduce polluting Nitrogen Oxide vehicle emissions by injecting a urea-based fluid, AdBlue®, into the exhaust system. A dashboard message will remind you when the AdBlue® needs topping up via the specific AdBlue® filling cap located next to the usual Diesel fuel filler cap. A full tank of AdBlue® will last for 6 full tanks of Diesel.

The Dacia way

Fifteen years isn't long. But in that time we've grown from unknown to international warriors. We've sold 5 million Dacias globally since 2004. And since we launched in the UK in 2013, 140,000 smart folk have bought themselves Dacias.

It takes something different to make an impact like that. And we've got different by the shed-load.

See, we think practicality should always come first. No silly frills, just exactly the kit and quality you need. So that's what our simple range of smart, reliable cars give you. Our prices are always clear and remain shockingly affordable.

Maybe that's why we've been one of the **fastest growing car brands** in Europe since 2004. Or maybe it's the awards we keep winning like our most recent award Autotrader's best value brand 2018. Don't just take our word for it – check out our trophy cabinet and our genuine customer reviews on **Dacia.co.uk**.

Did you know we're part of the **Renault Nissan Mitsubishi Alliance**, and share our head office with Renault? That means we also share Renault's **nationwide dealer network**. So if you want to pop in for a look, chat or test drive, chances are we're pretty close by.

Drop in; it's easy to find your local dealer at **dacia.co.uk/find-a-dealer**.
